Dear Sir/Madam,

CHANGE OF INSPECTION PROGRAMME FOR KANGKONG FROM MALAYSIA

In a review of the vegetable inspection results, it was found that the performance of kangkong from Malaysia inspected under Enhanced Enforcement Programme (EEP) was consistent and satisfactory.

I am pleased to inform you that with effect from **1 June 2010**, this vegetable will be lifted from the EEP to the Monitoring Surveillance Programme (MSP), whereby the consignments will be released for sale and distribution immediately after the inspection.

AVA will continue to monitor the performance of this vegetable closely, and will revert to hold-and-test inspection if the inspection results are unsatisfactory under MSP. You are therefore advised to monitor your imports and obtain your supplies from reliable sources.

Yours sincerely,

Mr Koh Boon Liang
